

## **Deputy President (Clubs & Societies) Report** *A Report by Alistair Cott*

### **New Clubs Committee**

There is another meeting on Friday the 26<sup>th</sup> of October. There are five prospective clubs who have expressed an interest they are Gymnastics, ICSM Table Tennis, Atheist and Agnostic, Street Magic, and Racing Green.

### **Electronic Income Form**

As was reported in my last report I have been working on this over the summer vacation. The form is completed and I've sent it to a selection of people for testing. On Thursday the 25<sup>th</sup> of October I'm having two meetings with various members of the finance team to run through any updates or future plans.

### **Arts Imperial Meeting**

On Tuesday the 9<sup>th</sup> of October, Phil Power, Andrew Mason, and myself met with Richard Dickins and Andrea Robins about a new venture called Arts Imperial. This was just to ascertain what they could do for us and visa versa. By working closely with them over the coming year I think we can raise awareness for the more artistic nature of the Union's clubs and societies.

### **Clubs and Societies Board**

There have been two Clubs and Societies Board meetings, the first for the nominations of Exec and New Clubs Committee members and the second for clubs presenting tour proposals.

### **Polish Elections**

Over the last two weeks I have been the returning officer for the Polish society election. Voting will close on Wednesday the 31<sup>st</sup> of October. They needed to re-hold their election as one wasn't done before Easter last year.

### **Wye Visit**

On Wednesday the 17<sup>th</sup> of October Phil Power and I went to Wye. Mainly it was to find out what clubs and societies they have and give the Exec some training and support. Hopefully a regular meeting with their Exec will be set up to alleviate any problems they might have and make sure that our students are not forgotten about.

### **Radio 4 Interview**

Over the last two weeks I have been in contact with a Radio 4 producer about the possibility of interviewing several students on Thursday the 25<sup>th</sup> of October. He is already coming in to interview an eminent professor in the field of statistical analysis of human behaviour in the Tanaka Business School. The students he wishes to interview are from the Christian Union and proposed Atheist societies.
