

Low Membership Clubs

A paper by
DPCS – Henry Whittaker

Background

We expect clubs to sustain a membership of at least 20 members. This is to maintain fair access to facilities for groups with sufficient interest.

Proposal

To close down all existing groups whose membership is below 20 on 31 July 2013. They will be notified of this beforehand. Groups that have particular circumstances will be able to present their case to NCC before 31 July 2013. This will affect the following groups:
