

Imperial College Union Finance and Risk Committee

19/6/18

AGENDA ITEM NO.	10
TITLE	Strategic Risk Register
AUTHOR	Jarlath O'Hara
EXECUTIVE SUMMARY	<p>Resource challenges have meant that whilst the mitigations remain relevant and live, the Strategic Risk Register document has not been updated since April.</p> <p>This does not meet our expected standards though there is management assurance that there are no risks posed by this short-term shortcoming and the strategic mitigations remain developed and / or progressing.</p> <p>As agreed at the last F&R committee, we will review sections in greater detail on a rota basis.</p>
PURPOSE	To update Committee members and for deeper discussion on risks 8 (People Management) and 9 (IT / Technology).
DECISION/ACTION REQUIRED	Discussion of existing Register focusing on risks 8 and 9 and agreement of plan moving forward.
